

Tracy Hill

Hello my name is Tracy Hill and I am the Welfare Officer for North East London Gymnastics Club LTD. I trained as a gymnast in my local club in Rugby and later became a Women's Artistic and General club level coach. As well as coaching at a higher level in gymnastics clubs, I worked in several schools in Hackney for a number of years before moving to south London where I work as a primary school teacher. Although I am not regularly at the club, I have been associated with the club for many years. I can be contacted at: welfare@nelgc.org. There is now a second welfare officer at the club - Sarah Brakes - who is at the club on a more regular basis. All emails to welfare will come directly to me or you can pop into the club and speak to Sarah.
